

Francesca, the lead editor with BakeMyBook.co, while editing Book 7, was noted sharing these words:

"We are amazed by the prophecies and power in Virginia's writing. Since always, we had been going about our days normally but reading Book 7 especially, we have become so truly aware that we are close to end times and need to hold on to the Son of God for salvation...

Virginia's writing, her words are both prophetic and compassionate, weaving together Scripture, prophecy, and heartfelt exhortation in a way that is both sobering and deeply encouraging. We are dumbfounded as to how whatever God spoke through Virginia in the books keeps coming true in real life...

It is not an exaggeration to say that ever since we have known Virginia and her powerful books, we have become better Christians, better believers. So uplifting and impactful, these are works of God, we have no doubt. A mortal cannot possibly achieve this."
